Tonight the District League, which, with the National Capital, holds the disof numbering among its members the premier pin performers of the city, will provide the feature of the evening's play.

From the District ranks, two teams stand out noticeably as candidates for top notch positions. They are the Shernans, who are leading the league, and the Royals, who are just two games be-hind them. Much is expected of both of quints by everyone who has followed their work throughout the league season. Either or both may be looked for to break into the lead place oright. The Jeds are generally con-idered the dark horses in this even-

shown such poor tournament form before.

Some stanch supporters of Krauss aver that his mediocre showing was because Dame Fortune—the fickle mistress—turned her back upon him. They claim to have counted no less than nine bad splits on pocketed bails. In other quarters, however, it is said in explanation, that the speed of the new alleys—declared to be as nearly perfect as any that have ever been used in a national tournament—was Krauss' stumbling block. Whatever the results of the post-mortem may disclose. Washington's "favorite son" will have an excellent chance to recoup tonight.

Starting at 2 o'clock today, the six members of the Imperial tenpin team, the Baltimore city champions, who set high team mark last night with a 2.708 set, paired off in the doubles. All doubt as to the bowling ability of these masters of the game was removed last night. Von Lossberg, the Imperial lead-off, pulled seven-s-e-v-e-n-strikes in succession, topped with three spares, in the first ten boxes of his match. The game —254—with only 300 possible—was the highest game van Lossberg ever rolled in tournament competition, according to the Baltimorean's own declaration.

Poehlman, another of the old guard, in this first game, hung up four strikes backed by five spare counts, fer a game of 194. Sweiger swung the big mineralite for no less than eight spares in the opener. Smith scored two strikes and five spares, while Walters, the fifth member of this remarkable combination of pin-wizards, toppled the tens for a trio of clean sweeps and five spares. The team total for this game was 262 It was this great get-away which tided the Baltimoreans over their last two games, in which they fell away to counts of 888 and 889. The new mark tops the old one, hung up last week by the Tigers, of Philadelphia, by 132 pins.

It will be recalled by those who have followed the big pin game for the last few years that it was von Lossberg and Sweiger who won the doubles in the Washington-Baltimore-Richmond intercity match, in this city, in 1913. Von Lossberg was also high man in "all events." and Walters, another Imperial man, finished first in the individuals.

Getting under way at 3:30 o'clock, a number of singles take to the alleys for small pin matches. Two Baltimore zollers and two local performers are picked out of the list as deserving of high scores. They are Johnny Vaeth and A. Wolffanden, of the Monumental City contingent, and George Isemann.
